

COVID-19 POST-VACCINATION GUIDELINES FOR SCHOOLS (4-26-2021)

In a two-shot vaccination series (Pfizer, Moderna), this guidance applies to both shots.

Individual has sensitivity, pain, redness or swelling around the vaccination site, but no other symptoms.

Follow usual protocols for vaccine-related side effects. Individual may return to school.

Individual has symptoms unlikely to be caused by the vaccine:

- Cough
- Shortness of breath
- Runny nose
- Sore throat
- Loss of taste or smell

Follow established COVID protocols for faculty, staff or students who show symptoms of COVID-19

Individual has symptoms that may be caused by the vaccine:

- Fever
- Fatigue
- Headache
- Chills Muscle or joint pain/ache

Individual should stay home for at least 48 hours.

If symptoms resolve within 48 hours, the individual may return to work/school when symptoms are resolved, and fever free for a minimum of 24 hours.

If symptoms persist beyond 48 hours the individual may NOT return to school/work and must _____ follow established COVID protocols for faculty, staff or students who show symptoms of COVID-19
